Dear John,

Thank you for the work you performed on behalf of Southampton Hospital. Reluctant as I was to have PhoneReview audit our telephone bills I am ecstatic to say that I did.

As you know, 6 months earlier I had not one (1), but two (2) companies audit our telephone bills and both companies found not one red cent! In my mind you were wasting your time. I do believe now that you knew there was money to be found.

I would like to say \$26,000 later; I would without a doubt recommend PhoneReview's services to any company interested in saving money.

Once again, I would like to thank you and your staff for a fantastic job.

Sincerely,

Damian Iadanza
